Casting On

1. Make a slip knot: Loop the yarn as shown and slip needle under the lower strand of the loop. Pull up a loop of yarn.

2. Pull the yarn end attached to the ball of yarn to tighten the slip knot leaving the other end approx 4 ins [10 cm] long. Transfer needle to left hand.

3a. Insert the right-hand needle through slip knot and wind yarn over right-hand needle.

3b. Pull loop through slip knot.

4. Place new loop on left-hand needle beside first loop. (You now have 2 stitches (sts) on your left-hand needle).

5. Insert right-hand needle between last 2 stitches (sts) on left-hand needle and wind yarn over right-hand needle.

6. Pull loop through. Place this new loop on left-hand needle beside last stitch (st). (You now have 1 more stitch on left-hand needle). Repeat (rep) steps 5 and 6 until required number of stitches (sts) have been cast on left-hand needle.

The Knit Stitch

1. Hold the needle with cast on stitches (sts) in your left hand, and the loose yarn attached to the ball at the back of work. Insert right-hand needle from left to right through the front of the first stitch (st) on the left-hand needle.

2. Wind the yarn from left to right over the point of the right-hand needle.

3. Draw the yarn through this original stitch (st) which forms a new stitch (st) on right-hand needle.

4. Slip the original stitch (st) off the left-hand needle, keeping the new stitch (st) on the right-hand needle.

5. To knit a row, repeat steps 1 to 4 until all stitches (sts) have been transferred from left-hand needle to right-hand needle. Turn the work by transferring the needle with stitches (sts) into your left hand to knit the next row.

The Purl Stitch

1. With yarn at front of work, insert right-hand needle from right to left through front of first stitch (st) on left-hand needle.

2. Wind yarn around right-hand needle. Pull yarn through stitch (st).

3. Slip original stitch (st) off needle.

Repeat (rep) these steps until all stitches (sts) on left-hand needle have been transferred onto right-hand needle to complete one row of purling.

Increasing and Decreasing

Increase 1 stitch (st) in next stitch (st). Work into front and back of stitch (st) as follows: Knit stitch (st), then before slipping it off needle, twist right-hand needle behind left-hand needle and knit again into back of loop. Slip original stitch (st) off needle.

There are now 2 stitches (sts) on right-hand needle made from original stitch.

K2tog Decrease Knit 2 stitches (sts) together (tog) through the front of both loops.

P2tog Decrease Purl 2 stitches (sts) together (tog) through the front of both loops.

Casting Off

Cast off using knit stitch (knitwise) Knit the first 2 stitches (sts). *Using left-hand needle, lift first stitch (st) over second stitch (st) and drop it off between points of the 2 needles. Knit the next stitch (st); repeat (rep) from * until all stitches (sts) from left-hand needle have been worked and only 1 stitch (st) remains on the right-hand needle. Cut yarn (leaving enough to sew in end) and thread cut end through stitch (st) on needle. Draw yarn up firmly to fasten off last stitch (st).

Cast off using purl stitch (purlwise) Purl first 2 stitches (sts). *Using left-hand needle, lift first stitch (st) over second stitch (st) and drop it off needle. Purl next stitch (st); repeat (rep) from * securing the last stitch (st) as described for casting off knitwise.

Slip Knot

Make a loop, then hook another loop through it.

Tighten gently and slide the knot up to the hook.

Chain Stitch (ch)

Yarn over hook (yoh) and draw the yarn through to form a new loop without tightening up the previous one.

Repeat to form as many chains (ch) as required. Do not count the slip knot as a stitch.

Slip Stitch (sl st)

This is the shortest crochet stitch and unlike other stitches is not used on its own to produce a fabric. It is used for joining, shaping and where necessary carrying the yarn to another part of the fabric for the next stage.

Insert hook into work (second chain from hook), yarn over hook (yoh) and draw the yarn through both the work and loop on hook in one movement.

To join a chain ring with a slip stitch (sl st), insert hook into first chain (ch), yarn over hook (yoh) and draw through both the work and the yarn on hook in one movement.

Single Crochet (sc)

1. Insert the hook into the work [2nd chain (ch) from hook on starting chain], *yarn over hook (yoh) and draw yarn through the work only.

2. Yarn over hook (yoh) again and draw the yarn through both loops on the hook.

3. 1 single crochet (sc) made. Insert hook into next stitch: repeat (rep) from * in step 1.

Half Double Crochet (hdc)

1. Yarn over hook (yoh) and insert the hook into the work (3rd chain (ch) from hook on starting chain).

2. Yarn over hook (yoh) and draw through the work only.

3. Yarn over hook (yoh) again and draw through all three loops on the hook.

4. 1 hdc made. Yarn over hook (yoh), insert hook into next stitch (st); repeat (rep) from step 2.

Double Crochet (dc)

1. Yarn over hook (yoh) and insert the hook into the work (4th chain from hook on starting chain).

2. Yarn over hook (yoh) and draw through the work only.

3. Yarn over hook (yoh) and draw through the first two loops only.

4. Yarn over hook (yoh) and draw through the last two loops on the hook.

5. 1 dc made. Yarn over hook (yoh), insert hook into next stitch (st), repeat (rep) from step 2.

Tips For Finishing

Picking up stitches along a side edge

With right side of work facing, insert point of needle from front to back through one full stitch (behind 2 loops of stitch, not just edge loop). There is alternately one long and one short stitch along a side edge. If you require fewer stitches than there are along this edge, always pick up through the short stitches and omit some of the long stitches.

Side seam

Use this method for seams joining 2 side edges, such as side or sleeve seam. Work this seam with right side of garment facing. Insert needle under 2 rows at a time throughout working through a whole stitch at each edge. Always take the needle under strands that correspond exactly to the opposite side and going into the hole that last stitch of that side came out of. Keep your stitching fairly loose as you work, pulling yarn firmly to tighten stitches and bring seam together approx every 2 to 3 ins [5 to 8 cm].

Shoulder seam

Use this seam when sewing together 2 cast off edges such as a shoulder seam. The seam matches the edge's stitch for stitch and resembles a row of knitting which covers the cast off edges.

Buttonholes

On a right side row, work in ribbing across required number of stitches. Cast off 2 stitches in ribbing, then work in ribbing to end of row. On next (wrong side) row, work in ribbing to cast off stitches. Turn. Cast on 2 stitches (before the last cast on stitch is placed on left-hand needle bring yarn to front of work between needle points to avoid a hole at end of buttonhole). Turn. Rib to end of row.

Armhole seam

Use this method for a seam joining a side edge and a cast off edge, such as the top of a sleeve. Work this seam with right side of garment facing in a similar way as joining 2 side edges. Lay pieces side by side and pin together carefully easing cast off edge (if necessary) into side edge. Work this seam under 1 or 2 rows of stitches as necessary making sure seam retains elasticity.

Helpful Hints

For best results, be sure to use the yarn recommended in the pattern, and purchase enough of one dye lot to complete your project.

It is a good idea to retain ball bands in case of inquiry. Before you begin to knit or crochet check your tension by making a test swatch and adjusting needle or hook sizes, if necessary, to obtain the tension quoted in the pattern. Inaccurate tension results in an item too large or too small. Even a variation of half a stitch makes an obvious difference in the finished size.

(Example knit tension swatch shown: 12 sts and 13 rows).

WASHING INSTRUCTIONS
